FEB 25, 1pm
[@muartonthemove](https://www.instagram.com/muartonthemove)

Art in Storefronts:

Through this program, MU's School of Visual Studies' *Art on the Move* program continues its mission for community outreach by presenting public exhibitions of student, alumni, and faculty work in storefronts across the state so that they can exhibit their work, connect to their home communities, and help reinvigorate commercial corridors that have been hard hit by the economic downturn.

Frenchtown, St. Charles:

This multi-storefront walk-up exhibition includes the work of six local businesses and seven students and alumni from tMU's School of Visual Studies and is part of the continued revitalization of historic Frenchtown, St. Charles.
